

MEMORANDUM

TO: Republican Members of the Florida House of Representatives
FROM: Carlos Lopez-Cantera, Incoming Majority Leader
DATE: November 15, 2010
RE: **Reminder: Special Session Briefing**

The Special Session taking place tomorrow November 16, 2010, provides us with a wonderful opportunity to get our state back on track and provide relief to our citizens through the potential veto overrides of Governor's poor decisions.

The Majority Office is hosting a Special Session briefing at 2:00PM today in Rm. 320, where Chairman Aubuchon will give you an idea of the procedure to expect on the floor. **Since no standing Republican member has been involved in a veto override, and almost half of our caucus has not been involved in a Special Session, this is very pertinent information.**

We will also give you an introduction to the Majority Office and what you can expect from us this cycle. We will have staff directors on hand for a question and answer period if anyone has any additional questions that were not addressed before this point.

Looking forward to seeing you there.
